HARVEST

For  
Coffee and Cocoa  
There's Nothing Better

What a boon in the hurried, hot days is the everready Carnation can on your pantry shelf.

**Carnation Milk**  
From Contented Cows

is just clean, sweet milk, brought fresh every morning to our condenseries and there evaporated to the consistency of cream.

For coffee and cocoa use it undiluted, just as you would cream. Use it the same way on fruit and cereals. Carnation "makes everything you cook taste better," when used according to directions.

Lots of good housekeepers, in times of stress like threshing, just punch two holes in the top and set the comely can on the table.

Always keep a case or more of Carnation in your storeroom—and you have the right "Answer to the Pure Milk Question."

Sold by Grocers and General Stores

We've 100 tested recipes for the use of Carnation in cooking. They're in a book called "The Story of Carnation Milk." Let us mail it to you free.

Making Two Ears of  
Corn Grow Where  
Only One Grew Before

Not getting the right amount of rain at the right time, is one of the principal causes of crop failure.

This is past history, however, on thousands of profitable farms throughout the country. These farms use Electric Power, and motor driven pumps allow irrigation in the right amount and at the right time.

There are suitable G-E Motors for running the machines in the Barn, in the Dairy, and in the Field. Almost every task and chore on a farm can be done more rapidly, more economically and more safely with Electric Power, than in any other way.

Our Power is at your command at any time, day or night, throughout the year.

California-Oregon Power Co.
